

Advance-Nilfisk Parts

Advance-Nilfisk Part - Imagine how long and tiresome it would be to tidy up after a party, without help from machines. Previously, the dust from upholstery and carpets had to be beat out of them manually; brooms, brushes and cleaning cloths were the top cleaning products during that time.

P.A. Fisker, the man who established Nilfisk-Advance, was actually an electrical engineer who loved working with electrical motors. Founding the business in 1906, he began to produce motors in order to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's dream from the beginning was to own a worldwide business marketing goods internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented an amazing, ground breaking vacuum cleaner that could be operated by one individual for the reason that it just weighed 17.5 kilos! This invention came in a time where many cleaning machines were massive and required 4 or more operators, therefore, the Nilfisk C1 changed everything and evolved the manner we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning equipment offer an excellent solution to an ongoing problem; things get dirty and have to be cleaned frequently, without too much effort.

Slowly, the business Nilfisk-Advance grew through the years. In the the early part of the nineteen eighties the company developed more rapidly when the company became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance forward within the business, aiming to be an active global player in manufacturing professional cleaning equipment. Nilfisk-Advance is presently represented in every part of the globe by steadily obtaining numerous smaller companies so as to expand their product selection and presence in new markets. They are really proud to offer a range of cleaning solutions to suit each and every need.
