

Cascade Clamp

Cascade Clamp - Established in Portland, Oregon in 1943, the Cascade Manufacturing Company began as a small machine shop hiring only 4 individuals. Total sales for that year amounted to about 60 thousand dollars. The very first recorded sales revenues involved the machining and assembly of stainless-steel valves, pipe fittings and different parts. Through 5 years of operation, the company had expanded to 40 employees and their yearly sales volume had risen to three hundred thirty thousand dollars. Now, Cascade is among the leading worldwide manufacturers in the material handling business.

Design and manufacturing of the company's first hydraulic cylinder allowed this young business to aggressively pursue new business possibilities. All through the final sixty years, the industry of material handling has grown into a very sophisticated field with Cascade proudly playing a part in its improvement. Cascade currently continues to develop as the leader supplier of forklift accessories and numerous associated items. The company feels confident in their skill so as to continue to lead the way within the business by understanding customer's requirements in the future and remaining aggressive in the international market.

In the nineteen fifties, Cascade began designing, manufacturing and selling hydraulic accessories. Construction was done in 1956 on a brand new office to be able to house all the plant and office operations in Portland, Oregon at the company's current headquarters. Subsequent to 15 years of business, total staff reached 180 employees and sales had reached almost two million three hundred thousand dollars.

In the year 1959 in Springfield, Garden Grove the next manufacturing plant was built. nineteen sixty marked Cascade's initial transfer into the international world of the material handling industry while the company recognized interest in the Netherlands, England, and Australia.

In 1964, the business altered its name to the Cascade Corporation. After that in 1965, the company went public with an initial offering of 200,000 shares of common stock. Since then the company has expanded its manufacturing amenities within the continental US to the places Warner Robins Georgia to go along with its already current plants in Portland, Oregon and Springfield, Garden Grove. Cascade merchandise are made worldwide thanks to lots of subsidiary operations. In the year 1944, a brand new plant was completed in Almere, the Netherlands which is Cascade's European head office. This plant is made to be the essential customer support centre.

Cascade further expanded their product base in 1996 and 1997 subsequent to buying five corporations, which included the Kenhar Corporation, the global best in forks.
